

COMMENDED STUDENTS IN THE 2023 NATIONAL MERIT® SCHOLARSHIP PROGRAM ANNOUNCED

Principal Bill Milnes of Coldwater High School is proud to announce that senior CHS student Ethan Woodcox has been named a Commended Student in the 2023 National Merit® Scholarship Program. About 34,000 Commended Students throughout the nation are being recognized for their exceptional academic promise. Although Commended Students do not continue in the 2023 competition for the National Merit Scholarship awards, they have placed among the top 50,000 performing students in the nation. Congratulations to Ethan for his academic performance and all of his hard work toward accomplishing his academic and personal goals while at CHS.

CARDINAL LEADERSHIP LEARNING BUDDIES

This year, Legg Middle School is offering 8th Graders a new elective called "Cardinal Leadership". Students are learning aspects of leadership and the qualities that make an effective leader. One main quality students learned is how to be a positive role model.

The students are using that skill and becoming a learning buddy for 4th and 5th Graders at Lakeland Elementary. They are helping students with math, reading, and writing. The LMS students are greatly enjoying working with the Lakeland students!

COMING UP

November 16
Early Release Wednesday

November 24 & 25
Thanksgiving Break

December 15 & 16
HALF DAY of Classes

November 23

PRINCIPALS RECOGNIZED AT OCTOBER SCHOOL BOARD MEETING

PRINCIPALS
MONTH
PRINCIPALS
MONTH
PRINCIPALS
MONTH

Governor Gretchen Whitmer proclaimed October 2022 Principals Month, stating in her proclamation "the celebration of Principals Month honors elementary, middle, and high school principals and recognizes the importance of school leadership in ensuring every child has access to a high-quality education." The principals of Coldwater Community Schools were honored during the October 24, 2022 meeting of the Coldwater Board of Education.

Above, L-R: Julie Farmer, Max Larsen Elementary School; Tobi Reardon, Jefferson Elementary School.

Below, L-R: Gary Dancer, Lakeland Elementary School; Adam Supianoski and Julie Slusher, Legg Middle School; Bill Milnes and Krista Searls, Coldwater High School. Athletic Director Todd Farmer and Assistant Superintendent of Curriculum and Instruction Penny Brockway were also recognized.

BOO! PUMPKIN RUN RETURNS TO MAX LARSEN ELEMENTARY

Kerri Jent, Max Larsen's Physical Education teacher, set up a five-station obstacle course with a Halloween theme for all of our students to experience! Along the trail, students were able to fly like a ghost, zig-zag through a pumpkin patch, sidestep around the scarecrows, crawl under a creepy spider web, and tunnel through some bales of hay. The obstacle course allowed students to practice the skills they have learned in their physical education class in a spooktacular way. Students were treated to apple cider and enjoyed the beautiful weather!

ADOPT-A-COP IS BACK AT JEFFERSON

Jefferson is excited to announce the return of the Adopt-A-Cop program. This partnership with the Branch County Sheriff's Department teaches students about the importance of being safe in different situations. Our 2nd Grade students and teachers are excited about this program!

In October, students learned about what to do if they were lost. Sheriff's Department Deputies will be back three more times this school year to present lessons.

Coldwater Community Schools provides a supportive and challenging learning environment where every student is prepared to succeed in a global community.
